

## U-Tron (Beijing) Electronics Co. Ltd.,

### Our Vision

To be a company exercising leadership in applying high technology to improving the quality of life and protecting the environment.

### Our Mission

U-Tron is a customer-focused provider of innovative solutions for the Communication, Lighting, and Transportation markets. We are committed to employing advanced technologies with the highest level of quality, service and value to our family of employees, customers and suppliers through a process of continuous improvement.

### Our Promise

U-Tron promises leading-edge solutions with superior customer service, and delivers the highest quality products built with integrity and pride.

### Who we are

We are an Engineering company specializing in Telecommunications, Intelligent Transportation Systems, and Data, Voice and Video transmission. We design, develop and manufacture High Power LED luminaries to serve the ITS and other applications.

Data Sheets—6W up to 60W

*Milkyway panels are designed to take full advantage of the LED technology. No other lighting technology was able to do this in the past. The LEDs are placed at the edge of the panels 4 sides and using a light travel acrylic board with reflective surface we produce the soft and even light source. Highly recommended for Class rooms and office applications where long time exposures to artificial light is expected.*

*Milkyway panels comes with U-Tron dimming and color turning technology to give you the total control over brightness and the CCT to suite your specific needs.*

**6W Watt Milkyway Panels**  
**Technical Data**

**General Information**

Heatsink	6063-T5 aluminum alloy
Life Span	50000hr
Light Board	Acrylic
Temperature Operating Temp.	-40(min), 45(max)C
Storage	-40(min), 45(max)C

**Light Characteristics**

Efficacy	80lm/W
Beam Angle	120
CCT	2700-3500K
Flux	480lm

**Color Rendering Index 80**

**Product Dimensions 6W**

Lamp Length	120mm
Lamp Width	120mm
Lamp Height	30mm
Cut Out	110x110mm

**Electrical Characteristics**

Wattage	6W
Voltage	Universal
Dimming	TRIAC and 1-10V
Color Turning	2700 to 5500 CCT

**Ordering Information**

Product Number	68MW-006-W1212 Warm white, 68MW-006-C1212 Cool white 68MW-006-N1212 Normal white
Product Name	Milkyway Panel Light 6W Warm White
Barcode	6949606484309 CW 6949606484408 WW 6949606484507 NW
Pieces Per 20' container	2500
Pieces Per 40' container	6000

**Safety and environmental Compliance**

IP Rating	54 Indoor Dry Area
Certifications	UL, CSA, GB7000 and CCC
Manufacturing Standards	GB120543

**Mechanical and lighting Description**

**Milkyway 120X120X30 mm 6 watt Panel**

Proper illumination is essential for the optimization of safety, comfort and productivity in the classrooms; workplace lighting also dictates quality of perception, mood, and performance levels of the students.

U-Tron's super flat, low power consuming and elegant Milkyway LED Panel Light is the perfect solution for any situation that requires elegant and subtle lighting. The Milkyway LED Panel Light is very suitable for classrooms lighting but also for hotels, restaurants, office buildings and shops.

**9W Watt Milkyway Panels**  
**Technical Data**

**General Information**

Heatsink 6063-T5 aluminum alloy  
Life Span 50000hr  
Light Board Acrylic

## Wiring and Installation Guide

### Wiring Diagram:

### Installation Instructions:

1. Thanks to the WAGO and the U-Tron engineers now you can wire the Milkyway panels with out any special tools and materials. Just use the supplied WAGO connectors with 3 position as shown here to the mains and keep continuing up to 12 any size Milkyway in a single parallel connection
2. The panels are made to fit all standard false ceilings with the any dimensions.
3. In addition if spring loading is required you can attach the supplied clips to hold on to the reinforcement of the ceilings.
4. Drivers and the panels are shipped separately. Always connect the panels to the Drivers using the mating connectors before powering the drivers.

2 WAGO 3 position connectors are supplied with each Panels for electrical wiring.

This applies to all Milkyway Panels

## Safety Compliance

U-Tron products meets UL, CSA, CE and CCC safety requirements: Our factories are ISO 9000 certified and follow PRC Electronics Manufacturing disciplines through out the process.

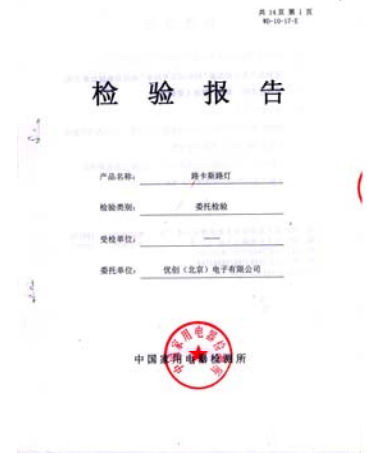

Canadian Safety Assurance

Underwriters Lab Safety Compliance

EU Commodity Compliance

China CCC certifications

## U-Tron Warranty

U-Tron (Beijing) Electronics Co. Ltd., warrant the products listed below for a period of 36 months from the date of shipment to be free from defects in material or workmanship and to be of the kind and quality designated or specified in the purchase agreements. If any products do not meet the above warranty and the buyer promptly files a warranty claim U-Tron shall do the following:

1. U-Tron shall provide a 12 month “No Questions Asked” replacement of any faulty units at no charge to the customer. The time limit for exchange shall not exceed 30 days from the time a claim is filed by the buyer. The buyer shall return the faulty units within 30 days of filing the claim. The method of returning the faulty units to U-Tron shall be decided at that time by U-Tron and all shipping charges shall be borne by U-Tron.
2. At the end of the 12 month period U-Tron shall provide additional free extended warranty for another 24 months. During this 24 month period U-Tron shall repair or replace and re-certify all faulty units returned. Shipping charges for sending the units to U-Tron shall be the responsibility of the Buyer and the Shipping charges to return the repaired goods to the buyer shall be borne by U-Tron. Time limit for repairs shall not exceed 60 days.
3. The warranties set forth herein shall be voided if the units have been 1) repaired or altered by any un-authorized person 2) subjected to misuse, negligence and accidents or operated in other than normal operation and use. 3) Connected, installed or modified in a manner not in accordance with U-Tron instructions. This warranty is applicable to all LED Products.
4. U-Tron at our own option can elect to provide replacement units at any desired percentage to be warehoused and logged by the buyers for timely service of the extended warranty replacements. When the warranty expires the bad units and the unused spare parts items shall be shipped back to U-Tron unless otherwise stipulated in the contract or purchase agreements. If the warehoused quantities become 90% used up or nearing the end of stock, the buyers shall ship back the faulty units to U-Tron. U-Tron shall rotate the spare parts inventory within 60 days of receiving from the buyers.
5. All warranty claim items shall be shipped to the buyers regardless of the geographical location, by air freight to the nearest airport or courier service to the customer site, and any returning items can be shipped by sea or air freight at the request of U-Tron. If the customer fails to return the said faulty units within the time frame as instructed, it will be considered as sold and U-Tron reserve the rights to bill the customer for its full value.
6. U-Tron shall not bear any responsibilities with the buyer’s customer claims or shall not bear any other expenses incurred other than the units cost itself. Customer site un-installation and re-installation of any faulty units shall not be the responsibility of U-Tron.
