Pole Adaptor Twin Head

Pole Adaptor is designed to fit the existing poles on the road, parking lots, squares etc. The Single Head will fit on the poles larger than 70mm diameter and that will enable to mount the lights with smaller diameter. The Twin Head is mostly used in our Lucas Twin Head Street lights. It has a big contribution when one light is not enough to brighten a certain area and this Twin Head will do the trick to get a wider coverage and higher illumination.

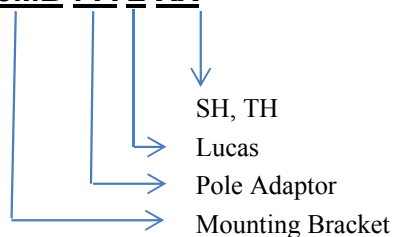

Ordering Part number

Part Number	Material	L (mm)	W (mm)	H (mm)	Pole Inside Φ (mm)	Light Outside Φ (mm)	Weight (kg)	Finish
68MB-PAL-SH	Iron	358	86	86	82	58	1.665	powder coat
68MB-PAL-TH	Iron	455	427	74	70	60	3.445	powder coat

Numbering System

68MB-PA L-XX

SH=Single Head

TH=Twin Head
