Nova Track Light G 35W with Comet18

Here is our new addition to the existing NovaTrac series. We are offering a casing specially made for the Comet 18 spot lights and offering to you “all-in-one kit, ready to use on most track lights tracks around the world. Together the light and the casing are an astonishing 35 watt of LED power delivering over 3000 lumen. Its also comes with the lens of 30 Degree narrow beam that can be focus wherever you want to lit up.

However, this combination is best suitable for high ceilings since the Comet 18 is a forced cooling bulb that has a fan inside which makes a faint humming noise. (THD <dB 50) Warranty is 3 years on the light.

The new series of Nova Tracks will bring you easy to install and easy to retrofit any existing track lights you already have without re-doing any electrical wiring
